Salford Township Park Board Meeting Minutes

March 26, 2019

The meeting opened at 7:30 PM.

Members of the Board present were: Warren Taylor, Fred Moyer, Charles 'Chuck' Boyd and Frank Jarrett.

Due to the absence of Tim Clemmer there were no minutes from the February meeting.

The Board members reviewed a list of proposed projects for the year, as introduced at the last meeting. Based on the amount of funds in the Park Reserve Fund the members felt that the greatest impact to make improvements was to request the installation of field drain piping in the Tylersport Community Park to the Board of Supervisors. The proposal to do a feasibility study for a fishing deck along the dam at White's Mill pond was tabled.

The members discussed doing an inspection of the park and open spaces in the Township to identify any areas of items that need to be addressed. It was agreed to do this once the weather and conditions improve.

The subject raised at a Board of Supervisors' meeting regarding the need for a sign was discussed. After several minutes of exchanges of ideas about the looks of a sign and elements of its design, the topic was tabled pending direction and input from the Township Supervisors.

The meeting adjourned at 8:00 PM.
