**RE: Municipal Notification of PADEP Bureau of Air Quality Permit Applications
BAQ-GPA/GP-3 & BAQ-GPA/GP-9 For the Installation and Operation of
Portable Crushing and Screening Equipment at PA Turnpike Construction
Sites on PA Turnpike Property Between Clump Road and South Dietz Mill
Road, Salford Township.**

Dear Board Members:

Please consider this letter formal notification that Richard E. Pierson Materials Corp. is making application to the Pennsylvania Department of Environmental Protection Bureau of Air Quality for the installation/operation of a portable crushing and screening equipment and its associated diesel engines. The equipment will be on PA Turnpike property and located as indicated above. The equipment will be used to crush and screen material into various sizes for use on the PA Turnpike construction/renovation project.

In accordance with PA Code Chapter 25, 127.43a. Municipal Notification, please be advised that Municipalities have an opportunity to make comment to the Department within thirty (30) days of receipt of this letter. Comments may be made to the Pennsylvania Department of Environmental Protection, Southeast Regional Office, Air Quality Program, 2 East Main Street, Norristown, PA 19401 (484-250-5900).

Should you have any questions related to the application described above, please contact me at 215.734.1414.

Sincerely,

Craig R. Holdefer
